Please note that if Grace Jones Family Therapy, LLC causes a late start, we will still provide a full session.

**The 60-minute initial assessment fee is \$150. All other 50-minute subsequent appointments are \$140. Some sessions may last more than 50 minutes. The usual rate will be charged proportionate to the time used.** Office hours are Monday-Thursday from 9AM-6PM.

**Payment is expected in full at the time of service.** Fees are payable via cash, check, or credit card (Visa, Mastercard, Discover). Make your checks payable to "Grace Jones Family Therapy, LLC". Please note that if

your check is returned for non-sufficient funds, you will be assessed a \$30.00 fee and you will be required to pay for your visit plus the check fee by cash or by credit card.

In case of divorce or marital separation, the party responsible for the account is the parent authorizing treatment. If a court order requires the other parent to pay part or all of the medical expenses, it is the authorizing parent's responsibility to collect from the other parent.

If any problem arises during the course of your treatment regarding your ability to pay, please be sure to discuss this so that we can consider alternative arrangements that may allow you to continue with treatment.

### **INSURANCE**

Grace Jones Family Therapy, LLC is in network with BlueCross BlueShield (BCBS). To use your BCBS insurance benefits, a client insurance information form must be completed prior to your first appointment. The information on the form will be used to verify benefits and for filing purposes. Unfortunately at this time, Grace Jones Family Therapy, LLC does not currently participate with any other insurance companies and we do not bill for out-of-network reimbursement. For out-of-network, it is the responsibility of the client to check if your insurance benefits include outpatient therapy services (individual or family). You will be provided with the necessary documentation if you wish to submit your claims for out-of-network benefits.

## **REFERRALS TO OTHER PROFESSIONALS**

There are times when a referral to a counselor/therapist, psychiatrist, other medical specialist or exercise specialist is necessary for me to be able to provide the appropriate treatment for the client. If the client chooses not to accept the referral against my advice, it is sometimes necessary for me to terminate my work with this client if I deem that the client's health is at stake or that continuation of treatment with me without the other professional(s) will be of no service to the client. Grace Jones Family Therapy, LLC contracting providers involved with your care may use your information to plan your course of treatment and consult with other staff to ensure the most appropriate method to assist you.

## **HEALTH INSURANCE PORTABILITY AND ACCOUNTABILITY ACT (HIPAA)**

A federal law, HIPAA, provides privacy protection for medical records and rights for clients about the use and disclosure of your Protected Health Information (PHI). HIPAA requires that Grace Jones Family Therapy, LLC provide you with a Notice of Privacy Practices for use and disclosed the PHI for treatment, payment and health care options. The Notice of Privacy Practices explains HIPAA and its application to your personal health information in greater detail. The law requires that we obtain your signature acknowledging that Grace Jones Family Therapy, LLC has provided you with this information.

## **CONFIDENTIALITY**

Laws protect the privacy of communications between patients and their medical providers. Every effort will be made to keep your evaluation and treatment strictly confidential. In most situations Grace Jones Family Therapy, LLC will only release information about your treatment to others if you sign a written authorization that meets certain legal requirements.

In the following situations, no authorization is required:

- a) Aspects of outpatient therapy may be shared within Grace Jones Family Therapy, LLC for educational, therapeutic, and treatment team reasons. All staff members are legally and ethically bound to keep this information confidential.
- b) Information is also shared for administrative purposes such as appointment scheduling, billing, and quality assurance. All staff members are legally and ethically bound to keep this information confidential. Staff members have been given training about protecting your privacy.
- c) On occasions, Grace Jones Family Therapy, LLC may find it helpful to consult with an outside health or mental health professional. During such consultations, identifying information is disguised to protect your confidentiality. The other professional is legally bound to keep the information confidential. All consultations are noted in the therapist's record.
- d) Disclosures required to collect on overdue fees.

There are situations where Grace Jones Family Therapy, LLC may be required or permitted to disclose information without your authorization. These situations are unusual. They may include:

- a) If Grace Jones Family Therapy, LLC has knowledge, evidence, or reasonable concern regarding the abuse or neglect of a(n) child, elderly patient or disabled person, it is required to file a report with the appropriate agency, usually the Department of Health and Welfare. Once the report is filed, we may be required to provide additional information.
- b) If a patient communicated an explicit threat of serious harm to a clearly identifiable victim(s), and has the apparent intent to carry out such threat, Grace Jones Family Therapy, LLC may be required to take appropriate actions. These may include notifying potential victims, contacting the police and/or seeking hospitalization for the client.
- c) If we believe that there is a high threat that a patient will physically harm him or herself, we will also take protective actions.
- d) Although courts have recognized a therapist-patient privilege, there may be circumstances in which a court would order Grace Jones Family Therapy, LLC to disclose personal health or treatment information. We may also be required to provide information about court ordered evaluations or treatments. If you are involved in or are contemplating litigation, you should consult with an attorney to determine whether a court would be likely to order Grace Jones Family Therapy, LLC to disclose information.
- e) Grace Jones Family Therapy, LLC is required to provide information requested by a legal guardian of a minor child.
- f) If a government agency is requesting information for health oversight activities or to prevent terrorism (Patriot Act), Grace Jones Family Therapy, LLC may be required to provide it.
- g) If a patient files a worker's compensation case, Grace Jones Family Therapy, LLC may be required, upon appropriate request, to provide all clinical information relevant to or bearing upon the injury for which the file was formed.
- h) If a client files a complaint or a lawsuit against Grace Jones Family Therapy, LLC we may disclose relevant information regarding the client in order to defend itself.

If any of these situations arise, Grace Jones Family Therapy, LLC would make every effort to fully discuss with you before taking action and would limit disclosure to what is necessary. While this written summary of exceptions of confidentiality should prove helpful in informing you of potential problems, it is important that you discuss with us any questions you have. The laws governing confidentiality can be quite complex. In situations where specific advice is required, formal legal advice may be needed.

## **SOCIAL MEDIA**

Please note that Grace Jones Family Therapy, LLC and its staff will not accept any requests to be “connected” to clients on social networking sites. This can compromise your confidentiality and our respective privacy and may also blur the boundaries of the therapeutic relationship.

## **CLIENT LITIGATION**

Grace Jones Family Therapy, LLC and its staff will not voluntarily participate in any litigation or custody dispute. This includes communication with the client’s attorney, as well as documentation such as letters, reports and affidavits. Should we be ordered by a court of law to appear as a witness in action involving the client, you agree to reimburse us for any time spent out of the office, for preparation and for travel at the rate of \$140.00 per hour plus expenses. You also agree to release us from therapeutic duty and terminate our therapeutic relationship.

## **MINORS AND PARENTS**

Please be informed that any person with legal rights pertaining to a child (e.g. legal guardian) may have the right to terminate a child's treatment. As stated earlier, Grace Jones Family Therapy, LLC will honor all requests for information by a legal guardian of a minor child.

Children under 18 years of age, who are not emancipated from their parents, should be aware that the law allows parents to examine their medical records. Typically with a parent's agreement, Grace Jones Family Therapy, LLC only provides general information about the progress of a child's treatment. With teenagers, more detailed disclosures are typically discussed beforehand with the teenager in order to minimize his/her objections and concerns, unless the therapist feels it is a crisis situation, including personal risk or physical danger to the minor.

In the context of family therapy, should family members be seen individually, material discussed may be shared with family members when your therapist believes it to be in everyone's best interest. In this circumstance, your therapist would encourage the individual to initiate sharing the information, but he/she reserves the right to bring up the information if he/she thinks it is useful for the whole family.

## **BENEFITS AND CONSEQUENCES OF OUTPATIENT THERAPY**

Persons contemplating outpatient therapy should realize that clients frequently make significant changes in their lives. People often modify their emotions, attitudes, beliefs and behaviors. Clients may make changes in their marriage, jobs or other significant aspects of their lives. Because of outpatient therapy, clients may begin to feel differently about themselves and alter significant aspects of their lives. It is important to understand that some of the changes you may be seeking can take time. If you are seeing me for an Eating Disorder, it is not uncommon to have to be seen for three to five years for effective reduction, and/or elimination of symptoms and relapse prevention. If you have questions about the benefits and consequences of outpatient therapy, please feel free to ask at any time.
